PRESIDENT STIRS EMOTIONS OF HEARERS

IS DEEPLY MOVED AS HE VIEWS CASKETS OF FIVE THOUSAND DEAD

Prays for Nation So Righteous and Just That We Shall Never Be Called Upon to Make War So Long as God and Men Rule Together—Spends a Busy Day in New York

(By The Associated Press.)
WASHINGTON, May 23.—"A nation so righteous and so just that she shall never be called upon to make war so long as God and men rule together," was the prayer of President Harding as late today he reviewed the world war survivors at a regimental review in Brooklyn.

"It must not be again," was his solemn declaration earlier in the day when he attended a memorial service for five thousand war dead on the great army piers in Hoboken.

The same theme brought tears to his eyes and to the eyes of those who had followed him thru a day's program crowded with events. At a luncheon of the academy of political science and at a dinner celebrating the 125th anniversary of the New York Commercial, he had expounded the need of putting the government on a business basis and of reconstructing the nation's business and industry. His audiences listened attentively to every word—but it was at the military functions that he stirred their emotions.

And varied must have been the emotions of the president.

First a thrill at the roar of guns as the presidential yacht Mayflower steamed into New York harbor amid the salutes of a hundred warcraft in the Hudson.

Then the catching in the throat as he arrived in Hoboken at the bivouac of the dead, entered the shed-like piers which served as a temporary tomb for the thousands of brave dead whose flag-covered coffins covered the piers row upon row and laid upon the casket of a private from Michigan—the first American killed on German soil—a wreath that served as a symbol for all the country's war dead.

And later the cheers of welcome of children's voices—the voices of tens of thousands of children waiting to greet him as he motored to Brooklyn thru the city's cosmopolitan eastside. Then a quickening of the pulse when in the 23rd regiment armory in Brooklyn he saw survivors of the war-torn 106th swing bravely past him, rank after rank, at a review in his honor.

And finally the laying aside for a moment of his emotions to lay before his audience the problems that face post-war America in her reconstruction period.

Day Was a Crowded One.

The president's day was so crowded that he had scarcely a moment of rest from the time the Mayflower dropped anchor until he again boarded the yacht late tonight to return to the capital.

New York gave him an enthusiastic welcome. Crowd cheered him everywhere he went. The greeting that reached his heart was that given by Young America—the 250,000 school children who lined the three miles of the route to the Brooklyn armory.

These children stood in a drizzling rain, waving flags and cheering wildly as the presidential car came in sight. The noble of their childish voices rose in a mighty crescendo that brought radiant smiles from the president and Mrs. Harding.

The youngsters of New York's low East Side with its paltry population, gave him the noisiest greeting. Once, the president ordered his car stopped while he stepped out into the rain and shook hands with a number of little girls.

Another demonstration of youthful patriotism that pleased the president was a serenade by the boys' band of four hundred pieces.

At the conclusion of the military review in Brooklyn, the president walked across the hall to a group of 53 wounded soldiers from the Fox Hills hospital, Staten Island.

"How are you boys? I wish I could shake you all by the hand," he said.

Pins Rose On Soldier.

Mrs. Harding meantime stopped to shake the hand of a paralyzed soldier and her eyes filled with tears as she took a pink rose from her gown and pinned it upon his blouse.

Speaking at the regimental review in Brooklyn, the president said:

"I am very happy to have had the experience of witnessing the making up and something of the meaning of this wonderful organization. Somehow in the wonderful impression you left I felt a new security for the republic."

RESPECT FOR THE LAW IS URGED BY VICE PRESIDENT

Says Achievement Lies With Individual Citizen

(By The Associated Press.)
NEW YORK, May 23.—Respect for the law and opposition to radicalism were urged upon Americans tonight by Vice-president Coolidge in an address at the 125th anniversary celebration of the New York Commercial.

Any class or organization, he said, undertaking to obtain for itself privileges not open to any other class or organization was hostile to American institutions and a menace to American liberty.

"There is a right of contract of agreement and association among individuals which is protected so long as the end sought is equal justice," he continued. "Any effort which contemplates coercion and force is an interference with our conception of American liberty."

"It is true that we hold to the theory of equality, not of character or possession but equality of opportunity and equality before the law. This does not mean that the government guarantees any standard of achievement to its citizens but that in its dealings with them it will grant to all an opportunity to be heard and the right to a decision based on the evidence and the law without favor and without prejudice."

It is the belief that with increased opportunities that his achievements, his destiny his greatness lies not in others, but in himself.

"There is need to resist radicalism, not because it may overthrow the government but because it is disturbing and wasteful element in society."

The vice-president asserted that the liberty given to all under the constitution was no license but that the fullest freedom of individual thought and action, limited by a like freedom of thought and action on the part of others.

"There are those who speak of overthrowing the government," he said. "In America, this reduces itself to the absurdity of overthrowing the people, for here the people are the government."

"More than six score years have written our constitution not on parchment alone, nor yet on bronze, but into the everlasting soul of the nation. That is our security. That is our guarantee. There is discontent and unemployment at home; there are disorders abroad. Their remedy lies in our loyalty to our government in our obedience to constituted authority."

Advocates of reduction in naval expenditures then launched a drive to reduce the navy enlisted personnel from 120,000 as recommended by the senate committee, to 100,000 men, as voted by the house. A vote went over until tomorrow. The Almeda amendment would have granted an initial appropriation of \$1,500,000 to start dredging on the new site and authorized the government to accept free upwards of 5,000 acres of land for the site.

No further effort is planned to restore the Almeda base provisions, according to Senator Poinsett, Republican, Washington, in charge of the bill. In the opinion of the enlisted personnel, Senators LaFollette and Lenroot, Republicans, Wisconsin, urged economy in naval appropriations.

Charges Corrupt Influences.

The former in an address of about three hours, charged that "corrupt" influences were working for large appropriations for profits on government armaments and armor contracts. He charged existence of an "armor ring," and in this connection named Bethlehem, Midvale and Carnegie Steel companies.

Urging reduction of the bill to the 100,000 personnel voted by the house, Senator Lenroot said there was no possibility of war with any great power in the next five years. For this reason, he said, a larger personnel was not needed to man ships which would be junked in a few years.

Referring to what he termed the "referendum" of the last election, Senator Lenroot added: "If this bill could be submitted to a popular vote, it wouldn't get as many votes as Cox. It wouldn't carry a state."

ASK FOR REUNION OF PRESBYTERIES

St. Louis, Mo., May 23.—The Southern Presbyterian general conference today received a telegram from the Northern Presbyterian conference at Wiona Lake, Indiana, expressing hope that the southern body would "take such action as will secure the reunion of our two kindred bodies."

APPROVE INCREASE IN FARM LOAN RATE

Washington, May 23.—A favorable report was made by the senate banking committee today on the bill to increase the rate of interest on farm loan bonds from five to five and one half per cent.

Germany Says She Has No Influence

PARIS, May 23.—A German government note delivered to the French office today says the German government has no influence on the measures of self-protection taken by the population of the Upper Silesian territory which is under administration by the international commission. The note adds that the commission is solely responsible for the maintenance of law and order in Upper Silesia.

The German communication was in reply to the French note delivered in Berlin on May 19, asking Germany to close the frontier between Germany and the plebiscite territory as Poland had done. Germany says it has taken measures to prevent the entrance of German irregular troops into the plebiscite area, but that it cannot interfere with the measures of self-protection taken by the population.

Re-establishment of law and order in Upper Silesia the note says is not a question of the resumption of work, but that the insurrection has a political character tending to impose Polish rule upon the Upper Silesian population by violence and in violation of all the dispositions of the peace treaty and justice.

The note concludes that Germany has hopes of seeing efforts of the international commission to restore legitimate authority in Upper Silesia successful.

DE VALERA MAKES PLEA TO ULSTER ON EVE OF ELECTIONS

Tells Them They Can Solve Irish Problem by Their Votes

(By The Associated Press.)
DUBLIN, May 23.—Eamon De Valera, the Irish Republican leader in a message to the Ulster constituencies on the eve of the elections, says the votes of northern Ulster can solve the Irish problem in the polling booth tomorrow.

He adds:

"Vote tomorrow against war with your fellow countrymen. Vote so there may be an end to the boycott and retaliation, and to partition, disunion and ruin."

"Make a genuine people's peace and live in history as having created a truly Irish nation."

OFFICIAL OF MINE WORKERS ARRESTED

Organizer Arrested for Carrying Concealed Weapons and Also Using Disrespectful Language.

(By The Associated Press.)
Williamson, W. Va., May 23.—A. D. Lavender, an organizer for the United Mine Workers, was arrested by a state trooper today and held without bail on a charge of carrying a pistol.

Captain Brockus of the state police summoned Lavender to appear at his office and answer to the charge of "pistol toting." The organizer the captain said refused to appear and Private Carl A. Dodge, a trooper was ordered to bring him in.

The trooper arrested Lavender and in addition to the pistol carrying charge complaints that he used disrespectful language to an officer and spoke slightly of Governor Morgan's proclamation of martial law for Mingo county, were lodged against him.

David Robb, international financial agent of the United Mine Workers declared he had warned his men not to carry weapons.

"I am willing to see that the provisions of the martial law are carried out," he said.

WOMEN GATHER FOR CONFERENCE

CHICAGO, May 23.—Women from all parts of Illinois were gathering in Chicago tonight for the three days conference of the Illinois Federation of Women's clubs which began tomorrow. Tonight Mrs. William H. Hart, retiring president of the federation was tendered a farewell dinner at which she was presented with a diamond pin in recognition of her services as head of the club women of the state during the past two years. Later the final board meeting of the year was held.

It is expected that nearly a thousand delegates will attend the sessions. Mrs. Edward S. Bailey of Chicago, first vice-president has been endorsed for president by the clubs of the first district.

CLASS LANTZ BILL AS UNAMERICAN

Chicago, May 23.—A protest characterizing the Lantz bills aimed at the Chicago Board of Trade as class legislation, un-American, and "therefore directly against the principles of the American Legion," was sent today to all state legislators by the board of trade post of the legion. The post comprises the majority of former service men connected with the board.

MANY BUILDING BURN IN TENNESSEE

Trezevant, Tenn., May 23.—Twenty five store and office buildings were destroyed by a fire which swept thru two blocks of the business district here last night. The loss was estimated at \$250,000.

MARINE STRIKERS HELD INCOMMUNICADO

New Orleans, La., May 23.—One hundred and sixteen union marine strikers are being held incommunicado by order of the United States marshal office, following their arrest in connection with the removal and beating of members of the crew of shipping board tanker Hadnot, today.

SLACKER'S MOTHER FLIES INTO RAGE BEFORE COMMITTEE

Refuses to Answer Questions Relating to Buried Gold

(By The Associated Press.)
WASHINGTON, May 23.—Mrs. Emma Bergdoll, mother of Grover Bergdoll, the slacker, again today appeared before the house committee investigating his escape. At the end of a two-hour cross examination, she came up smiling, for the committee refused to send her before the bar of the house of representatives for not answering questions bearing on her buried gold. There were times when the witness, rising from her chair and slamming the floor with a parasol, sharply denounced the inquiry as another of a long series of persecutions.

It was while Representative Johnson, Republican, Kentucky, had the witness in hand that the clash occurred, which caused him to offer a motion carrying her with contempt. The committee thought best to decide this question in executive session and ten minutes later told Mrs. Bergdoll she was released.

While making no attempt, as he explained, to find where the woman had buried \$105,000 obtained from the treasury in 1913, Mr. Johnson drew from her the statement that it was on the Bergdoll farm, near Philadelphia. It was while he was trying to learn who assisted in hiding it that Mrs. Bergdoll flew into a rage. Mr. Johnson replied that he was trying to lay a foundation to see if she was telling the truth at which Mrs. Bergdoll launched into a tirade.

Refuses to Tell About Gold.

"I refuse to give you any other information about the gold," Mrs. Bergdoll shouted, banging the table with the parasol. "I am tired of it. You ought not to be so nosy. It's a waste of time and I don't propose to console you by answering."

Before getting away from the subject of gold Mrs. Bergdoll declared that all of it was placed in one hole, that nobody knew, and that if she died, it never would be found.

"He has as good a chance as anybody in this room of becoming president," she declared.

"How many liberty bonds did you buy?" she was asked.

"None," she replied. "All the posters had in big words 'kill the Huns' and I'm not willing to kill anybody."

"And how many did you buy and how many did the president of the United States with his big salary buy?" but Chairman Peters stopped the outburst. The committee found from Mrs. Bergdoll's books that a year ago Grover Bergdoll paid income tax amounting to \$5,330 and \$137 for the current year. The slacker, she said, was worth half a million dollars.

LABOR LEADERS ARE INDICTED

CHICAGO, May 23.—Indictments were voted with many labor dynamitings. The counts indictments charged conspiracy to transport dynamite and high explosives to commit malicious mischief. Those named include two labor union business agents and are: Joseph Bangora, Charles Borcan, Albert Peterson, Thomas Corcoran, Sam Gibson, Andrew Kerr, "Gene" Coleman, Harry Bartlett and Sullivan.

The true bills were returned to prevent the release of two men on writs of habeas corpus. After hearing the testimony several jurors declared that bonds of at least \$100,000 should be demanded for each of the indicted men. Three were released today on bonds of \$15,000.

FOREST FIRES ARE STILL RAGING

Duluth, Minn., May 23.—A strip of heavily wooded forests, 20 miles long and seven miles wide was burned by the fires which started in the Wales Branch of the Northwestern Minnesota Forest reserve, forestry men reported today.

C. A. Mahlgren, supervisor of the Superior National Reserve said today, the fires had stripped about 500,000,000 feet of timber in about 2,500 acres.

ORGANIZE FARM BUREAU

Springfield, Ill., May 23.—Articles of incorporation were issued by Secretary of State Emery today to the McLean County Farm Bureau at Bloomington. The incorporators were: G. C. Johnstone, Fred J. Blum, D. M. Stutzman, Frank Moberly, H. H. Wagner, P. N. Jones, John Kinsinger, S. M. Elkins, Simon C. Moore and E. D. Lawrence.

HOUSE VOTES MONEY TO RETAIN FEDERAL PROHIBITION AGENTS

Votes Additional \$200,000 After Heated Discussion—Kramer is Criticized During Debate for Incurring Deficit—Is Defended by Volstead and Byrns of Tennessee

(By The Associated Press.)
WASHINGTON, May 23.—After heated discussion of the prohibition question during which Commissioner Kramer was criticized and defended, the house today voted an additional \$200,000 for enforcement of the Volstead act until July 1.

Representative Volstead proposed the increase in the total of the deficiency appropriation bill to permit retention on federal payrolls of 700 prohibition agents, who Mr. Kramer had announced would be dropped for the remainder of the fiscal year, because of shortage of funds.

The amendment was adopted 77 to 38, but another vote can be demanded before the bill is passed.

Even the members who favored the amendment doubted whether it would afford relief in time to be of much value, inasmuch as the bill after passage by the house must go to the senate.

Good Criticizes Kramer.

During debate, Chairman Good, of the appropriations committee who opposed the Volstead amendment, said Mr. Kramer had "violated penal provisions of law by incurring a deficit and 'had made himself liable to jail sentence.'"

"I want Mr. Kramer to obey the law just as much as bootleggers," he declared.

Representative Madden, Republican, Illinois, said Mr. Kramer should have appealed for funds to congress thru the secretary of the treasury instead of thru the newspapers and asserted he "ought to be discharged."

Mr. Kramer was defended by Representative Byrns, Tennessee, ranking Democrat on the appropriations committee, as a conscientious official doing his best to enforce the law. He said he never had heard it charged that Mr. Kramer was guilty of malfeasance in office.

Mr. Volstead also defended Mr. Kramer's administration.

Declaring no estimate for additional funds for prohibition enforcement had been submitted to the appropriations committee which drafted the bill and that no one had appeared before the committee to explain the situation, Mr. Byrns said that if the secretary of the treasury had requested funds he would have gotten all he wanted.

As the house milled thru the deficiency appropriation today a provision for the creation of an office of first assistant secretary of the treasury and an amendment providing for purchase by the government of \$100,000,000 of farm loan bank bonds, were eliminated on points of order.

One provision approved would permit the treasury department to spend any part of the \$18,600,000 appropriated last session for additional hospital facilities for disabled service men in the improvement of existing facilities. The original bill provided that \$12,500,000 was to be so expended.

PLEADS WAR LUST AN EXCUSE FOR MURDER

Chicago, May 23.—"War lust" contracted during his service in the trenches overseas, was advanced today by attorneys for Carl Wanderer as one reason he should not be hanged on June 17 for the murder of the ragged stranger whom he killed last year with his young wife. This contention was set up in a bill of exceptions filed in criminal court today. The supreme court will decide whether the case will be given a rehearing.

Mooney Pleads for New Trial.

SAN FRANCISCO, Cal., May 23.—Pleading in court today for investigation of his charge that perjured testimony was responsible for his conviction for murder in connection with the preparedness day bomb explosion here in 1916, Thomas J. Mooney accused Samuel J. Shortridge, now senator from California, of joining with the district attorney in a conspiracy to defraud justice.

Mooney, who is serving a life sentence in San Quentin prison, urged the court to hear the testimony of Earl Hatcher of Woodland, Mooney said had come forward to testify that he was at Woodland with Frank Oxman, principal prosecuting witness in the Mooney trial at the time the explosion occurred.

Mooney asserted that Shortridge, who was Oxman's attorney and C. M. Fickert, who as district attorney prosecuted the Mooney case had induced Hatcher at the time of the trial to sign an affidavit that Oxman was in San Francisco at the hour of the explosion.

The Stillman case, it seems, is about to be settled out of court. The city is that it was not settled that way in the first place, without so much unfortunate publicity, damaging to the public now and a sorrow to the Stillman children in later years.

The Presbyterian church proposes to make early payment of its portion of the debt resulting from the inter-church movement. Nothing will keep the church in better odor with the public than the handling of its affairs in a straightforward business-like way. Certainly the payment of debts is one of the first principles

of Christianity and a church should be an example in this particular.

The Chamber of Commerce drive for memberships opened in a very auspicious way Monday. More than 200 signed pledges were received and not all the teams were able to report. When it is remembered that this first day showing was greater than the whole membership of the organization in other years, the proof is at hand that an excellent beginning has been made. There is no doubt now as to the re-organization program.

While it is true that the Republicans made no promise in the 1920 campaign that they would immediately reduce taxes, they are bending every effort in that direction. The party platform expressly declared that on account of the burden of debt handed down by the Democrats there is no likelihood that taxes can be reduced soon. The Republicans will do more than they promised, however.

President Harding said many good things in his public addresses Monday, but nothing more forceful than this: "It is an aspiration of this administration to bring to pass an era of understanding between people and between nations."

As you think of it, that is a real summing up of the situation, and a lack of understanding is at the basis of a major portion of the troubles between labor and capital and between people generally. President Harding has indeed a lofty ideal, but it must be said that thus far in his administration he has proceeded consistently in the effort to bring about the understanding era.

TON-MILE FREIGHT PER CAR

There was one bit of evidence at the railroad hearings at Washington which seems to be a complete answer to the charge that the condition of the roads is due to poor management. It was shown that in 1920, after the roads were returned to their private owners, the average car load was increased to 29.3 tons, which was the largest average loading on record.

In the previous year, under government operation, the average was 28 tons. Although the government operators had permitted the equipment to get into deplorable condition, the average distance a car traveled per day was increased 8 per cent and the ton-mile of freight per car was increased 12 per cent. The increased amount of freight per car and distance per day amounted to a saving equal to the addition of 300,000 freight cars to the railroad equipment. As the cars cost about \$3000 each, this was equivalent to adding some \$900,000,000 to the equipment of the roads. In other words, it was a saving of an investment of \$900,000,000.

This is a very definite and practical demonstration of efficiency. The Plumb Plan Leaguers who want the government to buy the railroads and turn them over to the employees to

operate will have to produce some pretty convincing evidence before they will get the farmers, manufacturers, merchants, and the consuming public, to agree with their assumption that they can run the roads more efficiently and economically than the men who have spent the better part of their lives learning railroad management.

MARKET REVIEW AND OUTLOOK

"The passing of the Republic Steel dividend" Henry Clews Review says "is only another evidence of the slackness in trade which is not confined entirely to the steel and iron branch. The failure of the directors to declare a dividend has been without particular marked effect upon the general market for the reason that such action was anticipated. Unfortunately some other companies are adopting a similar policy, while still others are under suspicion, and this naturally acts as a damper on the market."

"The reason that owners of stocks do not take the situation more seriously is, of course, due to the belief that the turning point in trade has been reached, and that six months hence a different story will be told. The progress now being made in lowering the wages of railroad and industrial employees is, of course, paving the way for reduced operating costs which will permit of renewed trade activity on livable terms. The chief source of anxiety is the idleness of a great many steel and iron plants and the expected cutting of price in consequence."

"There is, to be sure, much readjustment still to be accomplished in certain lines, before normal conditions can be regained, and this naturally has a restraining influence on would-be buyers, and is also responsible for such sporadic liquidation as is now taking place."

HIGH SCHOOL SENIORS HEARD FINE ADDRESS

Rev. W. H. Marbach Preached Baccalaureate Sermon Sunday Night—"Life's Adventure" His Theme.

A very large audience assembled at Central Christian church Sunday night for the baccalaureate service of the Jacksonville high school. The sermon was given by Rev. W. H. Marbach, pastor of State Street Presbyterian church, his theme being "Life's Adventure." The invocation was by Rev. M. L. Pontius and later in the service a prayer was offered by Dr. R. O. Post.

The delightful musical program included numbers by Mrs. Barr Brown, Misses Louise and Katherine Miller and Clayton C. Quast, with Miss Mathis at the organ.

Rev. Mr. Marbach took as his text the verse from Jeremiah: "If thou hast run with the footmen and they have wearied thee, then how canst thou contend with the horses; and thou in a land of peace thou art secure, what wilt thou do in the swelling of Jordan?" It was a sermon replete with helpful suggestions. Some paragraphs are given below:

This ancient and oriental picture is a rebuke to Jeremiah uttered by Jehovah his God. But it is more than that. It is a little picture painted well. A picture of Life as the Great Adventure. First we have the runner in competition, taxed to his greatest endurance and stretching every muscle to attain his ambition. Then we have another picture of the floodtime victim. The Jordan has suddenly overflowed its banks, driving men and beasts to high and dry grounds. Crops are destroyed, the hunted felon comes out of his hiding place, the lions leave their lairs, the water breeds its filth and hunted misery makes common companionship with those in security.

Life Is Adventure

Life itself is the greatest adventure. To be born, to go to school, to graduate from school to make friends, to enter business, to do almost anything is adventure. For the essence of adventure is first, that we go out into the unknown, so that like Abraham of old we all go out not knowing whither we go, or what a day may bring forth. Besides going out into the unknown, adventure involves overcoming obstacles. At the very heart of civilization and progress in character is this element. Our hurdle races, football, baseball and most other games reflect this feature and help us prepare for life itself, which is the contending with horsemen of all kinds. We rise by the things that are under our feet, by the things we have mastered of good or of gain, and so I congratulate you on going out into the unknown adventure to overcome whatever obstacles may be in your way.

Then, too, notice that this text is true to life in that it pictures the two kinds of adventures. First, there are those we seek, the running with footmen, then the bolder running with the horses. Secondly, there are the passive adventures, those that come unsolicited. The unexpected, unwelcome "swelling of the Jordan." It was Stevenson who said, "We paddle all day and return home at night to find the greatest adventure waiting us in the familiar room, Love and Death, and the most beautiful adventures in life are not those that we seek." Unsolicited trials and troubles, joys and victories will come to you in life's adventure. In the words of Maltese Babcock, let me say, "Shun not the struggle, face it! 'Tis God's gift."

Life Most Important.

God's word to Jeremiah is not only a descriptive word of life as an adventure, but it is a challenge that comes ringing down to each of us. "How canst thou contend?" "What wilt thou do?" In our language we put it thus, "With what preparation will you meet life's adventure?" Manifestly living a life is more important than building a house, sailing a boat, or going on an auto trip. Yet in each of those cases we sit down and prepare for the undertaking. We take stock of our money, or sails, or our gas and tires. The difference between the wise and foolish, the prodigal and the honorable son is the difference between preparation or its lack. The kind of a preparation needed for life is three-fold: physical, mental and spiritual. I would like to camp with the first

two, but important as they are I make haste to emphasize the third. "Keep the heart with all diligence, for out of it are the issues of life." "Study to show thyself approved unto God." The most important thing about you or me is our relation to God, our heart attitude toward life. Finally, let me remind you that Life's Adventurer should never be undertaken alone. It was Theodore Roosevelt whose favorite book was Bunyan's Pilgrim's Progress. His favorite character in that book was Greatheart. Yes, we need as much as did Lincoln, Washington, or Roosevelt, or Cromwell, or Gladstone, a Greatheart who will go with us climbing the Hill Difficulty, or entering the Doubting Castle kept by Giant Despair. To lean upon human beings as to lean against a bowing wall or a tottering fence. I bid you, I urge you to lean upon and walk with Him who is at once the Way, the Truth and the Life. "Did we in our own strength confide, our striving would be losing, Were not the right man on our side, the man of God's own choosing, Doest ask who that may be? Christ Jesus it is He. Lord Sabaoth his name, from age to age the same, And He must win the battle."

WHITE HALL MAN CELEBRATE BIRTHDAY

Lyman C. Wright is Eighty-Four Years Old Today—Has Resided in White Hall for Past Sixty-Three Years.

White Hall, May 23.—Sunday was the eighty-fourth anniversary of the birth of Lyman C. Wright, a pioneer citizen of White Hall, the man who was track foreman when the first line of railroad was built through White Hall. No special observance was arranged for the day, this being reserved for a service in the M. E. church on Sunday evening, June 19th, when Mr. Wright and another pioneer railroadman, W. P. Strunk, of Roadhouse, 80 years of age, will be honored guests at a service to be addressed by Hon. W. G. Ebey of Hamlet, N. C., a native of White Hall, himself having a long experience in the railroad service as train dispatcher, and who has arranged to be here at that time while on his way to attend the national convention of train dispatchers in Kansas City.

Lyman O. Wright is one of the old guard of White Hall, and is about town every day, reading the daily newspapers with as much interest and discernment as any time in his long life. He was born May 22nd, 1837, at the mouth of the Detroit river, eight miles from Port Alden, Canada, his parents originating from the then eastern part of the United States. When he was six years of age he located with his father at Corona, Michigan, where our subject grew to manhood, and where he and Caroline V. Pierce were married December 7th, 1856. She was a daughter of the late Israel Pierce, who came to White Hall in the spring of 1857. A year later Mr. and Mrs. Wright followed him to White Hall.

Mr. Wright had experience in railroad construction work in Canada that came in good service when the C. & A., then known as the Tonica, was being extended from Manchester to White Hall in 1863. In 1864 he went to Murrayville and organized the first track force at that point, remaining at Murrayville six months, and then returned to White Hall as foreman, which he followed until 1869, being the first track foreman to ride over the line on an inspection trip following the extension of the road from White Hall to Alton, being ranked foreman at the time. An old time card in possession of the writer shows that the C. & A. in 1863 was operated only between Petersburg and White Hall, stage operation being made at White Hall for Alton. This was continued for five years, the line being opened to Alton in 1868.

Retiring from the C. & A. track department, Mr. Wright conducted a boarding house in 1869-70 for the accommodation of the gangs that were then constructing the old Rockford road thru Burlington. He then devoted a couple of years as baggage man in the old Rockford depot at White Hall, and was then engaged in the transfer business for a long period of years.

He still resides at the old home place at the corner of Bridgeport and Railroad streets, which property he bought after closing his boarding house. In 1870, Mrs. Wright died on March 4th, 1915, and the four children survive, as follows: E. C. Wright, Portland, Oregon; Mrs. W. A. Winn, Mrs. James Bishop, Mrs. Ernest Sullivan, all of White Hall, the latter residing with her father. Mr. Wright has been a Mason since 1864 and a Methodist since 1860, declaring that he has never been arrested in his life. He has been a local taxpayer for sixty-three years, the period of his residence in White Hall, and his total receipts from any public fund will not exceed ten dollars in all that time, he says.

MADRIGAL CLUB IN ANNUAL CONCERT

Woman's College Organization Gives Concert in Music Hall Monday Night—Was Directed by Mrs. Forrest.

The Madrigal Club directed by Mrs. Forrest of the faculty of the College of Music appeared in annual concert in Music Hall last night.

The club is made up of a score of young women from the voice studios of the college and the annual concert is one of the events that mark the advent of the commencement season.

It was the first concert given by the club under Mrs. Forrest's baton. The results were most gratifying. The attack, the ensemble, the rhythm, the diction, the tempo, were admirable.

The unaccompanied "Old English" number was worthy of special note, as was also the operatic number by Mousourgby.

The work of Mrs. Forrest in her chosen line is outstandingly successful and this concert added much to her credit.

Frank Collins, Jr., and Miss Margaret Merher added much to the program by playing the organ to the concerto by Yon which they played on the ensemble program recently. The work is one of rare dignity and charm; it will bear many more renditions to the same audience.

DUNCAN TRIAL WILL BEGIN TODAY

The case of Laura Duncan, who is charged with the murder of Harry Perry, will be called for trial today. The state will be represented by State's Attorney Carl E. Robinson and John M. Butler and the defendant's attorney will be William N. Hafrgrove.

SEED CORN—We have had a wonderful season at Mason City this year for maturing seed corn with the result that we have the finest lot of well dried 1920 crop of seed corn that we have ever grown. This corn is gathered early in the fall and placed on drying racks where it is slowly dried down to twelve or fourteen per cent moisture content. This gives corn of very high vitality. We have been in the seed corn business in a large way for over thirteen years and have the largest and best equipped drying plant in the world. Our down town plant is in the center of Mason City, right on the hard road between Springfield and Peoria. It is well worth a trip to Mason City to see this corn. Price is only \$2.50 per bushel. Write for beautifully illustrated catalogue. Box 44. W. T. Ainsworth & Sons, Mason City, Illinois.

Keep Cool And Look Well This Summer

—By way of introduction—I often wonder what is meant by the words "weaker sex."

—Being in the clothing business—the making of good clothes—I notice such things, and I find that it is quite possible for a lady to wear furs in August with apparent comfort. It may be all right, but men like to feel cool, look cool and actually be cool.

—I have made a study of cool clothing and am now prepared to make up men's summer suits from a wide selection of splendid cool cloths.

The New Poruscloth.

Tropical Weight Worsteds and Palm Beach

—Some men have held the erroneous notion that a suit made from these light weight cool materials will not hold its shape and look well. Such a notion is all wrong—if your suit is tailored to order, made to fit you, from one of the materials mentioned here, it will look well until it finally is worn out. The secret is in the making. Summer Suits from these materials will be appropriate for all but the most formal occasions, and look the part.

—Prices very fair this season.

—Drop in and make your selection now.

—Be ready for the coming warm days.

BEARDSTOWN MAN SUFFERS INJURY

Allen T. Griffith Sustains Fractured Spine in Fall — Is Employed by Burlington as Painter — Condition Critical

Allen Thomas Griffith, an employee of the Burlington railway at Beardstown, is at Passavant hospital suffering with a fractured spine. Yesterday, while painting he accidentally touched a live wire and the shock threw him from the ladder.

He was brought to Passavant hospital by Dr. George Bley of Beardstown. An X-ray examination revealed the fact that several ribs were broken and that there was an injury to one lung besides the fractured spine.

His condition is critical and the family has been summoned.

IMPROVEMENTS AT MAJESTIC THEATRE

G. M. Luttrell, Owner of Building is Re-Decorating Interior and Painting Front—Ventilating System Also Remodeled.

Since G. M. Luttrell bought the building in which the Majestic theatre is located he has thoroughly renovated and repainted it. The front is painted in tones of gray but white predominates, the interior lobby is painted a light green and the interior has received a two coats, the ceiling white and the side walls cream.

One of the features of which Mr. Luttrell is justly proud is the fact that the theater is light enough for people to be easily recognized across the room. The ventilation, too, has received special attention and fans keep a steady flow of fresh air coming in three full windows and a door.

CROQUET ENTHUSIASTS WANT MATCH GAME

"Deacon" I. M. Bunce and "Joe" Gomes, local croquet enthusiasts, believe they are some players. They say so themselves. In fact, they are so sure of retaining for another ten years the title of champs of Jacksonville that they issue a challenge to any other two players of the city, for a series of games to be played early in June. Joe and the Deacon have been playing practice games for the past six months, using the indoor game when the weather was bad.

ASSERT THAT WAR HERO WAS MURDERED

Examination of Body of Patton
McGivray Show That Four
Shots Had Entered the Body.

(By The Associated Press)
Madison, Wis., May 23.—Patton McGivray, son of Professor R. B. McGivray, found dead in Boston last week, was murdered, according to a report of Dr. C. H. Bunting, University of Wisconsin pathologist and Dr. W. F. Lorenz of the Psychiatric Institute after an examination of the body. The pathological evidence which tends to establish murder and not suicide as the cause of the death of McGivray a war hero decorated for bravery as a result of daring exploits on the Italian front during the war, has been sent to his father who is in Boston to aid in solving the death mystery.

"There were four shots fired that entered the body, two entering the chest and the last two entering under the chin. Had McGivray committed suicide his arm would have changed position with the body," the report said.

ASSOCIATED BUILDING CONTRACTORS IN SESSION
The Associated Building Contractors of Jacksonville held a regular session Monday night with a large attendance. The statement was made that the reduction in wages fixed for the strike at Jacksonville College, Mr. Fanning is having a stimulating effect on the building industry. A number of prospective builders are now figuring on jobs since this reduction in labor costs has been proposed.

Several contractors reported that men from several unions had expressed their willingness to go to work as individuals and accept the scale the contractors have outlined. The contractors are doing their best to so reduce costs that they may not be prohibitive. The contractors state that there is a reduction of 30 or 40 per cent on most building materials and that with the proposed reduction of wages that a big reduction in cost on a finished building by comparison with last year.

Further the contractors stated last night that when the reductions become effective here that there is every reason to expect a revival in the building industry which has taken place in every other city where reductions have been made.

MISS MOXON WILL WED IRA FANNING

Engagement of Well Known
Young Woman to College Foot
Ball Star Made Known Last
Night.

A miscellaneous shower was given last night for Miss Maude Moxon at her home on West College avenue in honor of Miss Cornelia LaRue, who is soon to wed Mr. Benjamin F. Lane. The home was prettily decorated and Miss LaRue was the recipient of a number of useful gifts.

Eighteen young ladies were present and a real surprise was in store for them. Late in the evening booklets were distributed supposedly telling the story of a flower romance. However, the guests soon noticed the initials "M. M." and "I. F." It did not take them long to understand that this was announcement of the engagement of their hostess, Miss Moxon, to Mr. Ira Fanning of Illinois college. It is understood that the wedding is to be at an early date.

Miss Moxon is a daughter of Mr. and Mrs. Isaac Moxon and a graduate of the high school. Later she attended Illinois College. Mr. Fanning, who is a son of J. W. Fanning of Murrayville, will soon graduate from Illinois college, where he has been especially prominent in athletics. In the war time he was for 18 months at Camp Arthur near Waco, Tex.

Mr. Fanning was recently appointed principal of the schools at Hallock, Minn., and the new home will be established in that town.

The announcement of this engagement will be a real surprise to nearly all of the friends of these popular young people.

MISS FLORETH DOING
SUCCESSFUL WORK
Now Holds Position as Child-
ren's Teller in Calumet Bank.

Miss Ann Floreth, daughter of Mr. and Mrs. William Floreth, is children's teller at the Calumet Trust & Savings Bank in Chicago. It was six months ago that Miss Floreth began her work at this bank and she has succeeded so well that the placard, "Children's Teller" appears above the window in her department. A little platform has been built in front of the window so that a child of three years may reach it. On the opening day of this department 3,000 pompadour caps were given away to boys and girls who appeared at the window. A picture now on display at the bank shows a surging crowd of children before the doors and flocking along the corridors.

Gave Capable Presentation of
"Mice and Men" at Opera House
Monday Night.

"Mice and Men" was presented by the class of 1921 of the Jacksonville high school at the Opera House last night under the capable direction of Miss Edna Agar. The four acts of the play were presented in a way that greatly pleased the audience present. Miss Agar is thoroughly experienced and the presentation last night gave proof of capable cast. Miss Garveda Phelps as Peggy and Ollie Parker as Capt. Lovell had the heaviest parts and won marked approval from the audience.

The cast was as follows:
Mark Embury (a Scholar, Scientist and Philosopher)—Nellis Sanders.
Roger Goodlake (his Friend and Neighbor)—Paul Gard.
Captain Lovell (his Nephew)—Ollie Parker.

Sir Harry Trimblesome, a Butterfly Man—Edward Alexander.
Kit Barnier (a Fiddler and Dancing Master)—Frank Cohen.
Peter (Embury's Servant)—Leland Perbix.

Joanna Goodlake (wife of Roger Goodlake)—Helen Baker.
Mrs. Deborah (Embury's Housekeeper)—Gladys Ruyle.
Peggy (Little Britain)—Garveda Phelps.

Matron (of Foundling Hospital)—Margaret Heaton.
Beadle (of Foundling Hospital)—Warren Hoagland.
Molly (a Kitchen Maid)—Thelma Pires.

Masqueraders—Orphans—(Garveda Phelps, Carol Lander, Ellen Cruzan, Gladys Wintler, Thelma Pires, Pauline Hankins, Helen Rose, Dorothy Dodsworth, Eunice Haerle, Leta Rhodes, Margaret Camm, Ruth Bradley.)
Palmer Shiele, Carl Sandberg, Kenneth Barton, Harold Cockin, Henry Struck, James Phillips, Otis Smith, James Wood, Howard Nicol, Albert Hickox.

Managers—Publicity, Richard Hyer; property, Palmer Shiele; business, Leland Perbix; program, Francis Reynolds.

PRESIDENT STIRS
EMOTIONS OF HEARERS
(Continued from Page One.)
lic in that assurance which comes of a voluntary organization which can be perfected as your has been.

"It has a good deal more to boast than that began in the Civil War, when the union was threatened. There is a good deal more to boast than that you were first on the soil of Belgium. The great boast which is yours is that you made a very great offering in the conflict for preserved civilization and are still a well organized unit today, ready to serve your country when occasion demands. I hope you will never be called.

"Somehow, there is a new feeling in my breast today—I saw five thousand soldier dead—somehow there has been a prayer in my heart ever since that there shall be a nation so righteous and so just that we shall never be called upon to make war so long as God may rule."

I hope you will never be called but if you are I should only ask that the twenty-third serve in the future as it has in the past.

Speaks of Welcome
"And another impression came to me today. What a wonderful welcome you gave us in Brooklyn. I don't believe I ever dreamed there were so many children in the United States—sweet, rollicking, laughing, hopeful children. I don't believe any one with responsibility can ride thru such a company of American childhood as we did without having a new resolve in his heart. I have resolved, my fellow Americans that I want the children who hailed us to have the same republic, the same rights, the same justice, the same hope that we inherited from those who went before us. I want them to have our America, free, untrammelled, confident of itself.

"If you have ever had any doubt of the righteousness of the republic, if you have ever had any doubt about the wisdom of the founders, I ask you to turn again to the picture of this afternoon and see these children, garbed in essentially the same raiment, participating in the same salutations, shining with the same laughter, cherishing the same hopes, rising in the hopefulness of youth to the same opportunity in life. Ah, let no one challenge the blending of the Races.

"And if you want another picture find it before me now. When I was making the inspection I was not so much concerned about the shining arms and the way they were kept. I was not quite so much concerned about the insignia on the shoulders of the service men. I was rather caught by the blend of racial origin in their faces. I saw the citizens and defenders of the republic, who, it seemed to me, came from origins across the seas that represent almost every land in the civilized world.

"Here is youthful fighting America which is the blend of the citizenship of the old world, standing in absolute equality here ready to defend the republic and its affairs. There is nothing finer than the equality in the United States. No other land under the sun offers the same reward of merit. Let us keep the America we inherited."

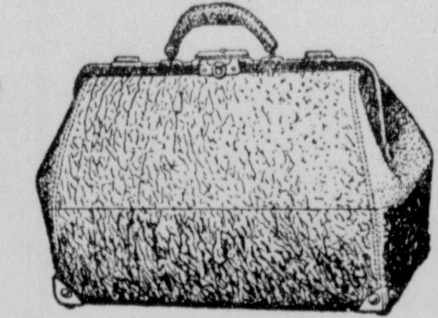

Speaking extemporaneously at the conclusion of his prepared address the president said:
"I would like for you captains of industry to know an aspiration of the present administration—it is to inaugurate an era of understanding. I want an understanding between the government

and the people, an understanding between nations.

AT OLD CENTENARY**

An extensive repair program at Centenary church is now underway. The work of lowering the bell from the wooden cupola, a distance of twenty feet to the brick tower was begun yesterday under direction of Frank T. Irving.

It was decided some time ago that the belfry was not quite safe and that the change proposed would improve the appearance of the entire building. A portion of the street and adjoining alley have been roped off while the work is in progress. An extensive job of roof repairing is being done by Brady Bros. A little later the interior is to be decorated and about \$7,000 will be expended on this repair and improvement work.

**MURRAYVILLE CLASS
GAVE DEMONSTRATION**

Girls of Domestic Science Department of High School Gave Demonstration Monday—Club Members and Mothers Guests.

Under the instruction of Miss Mary Bishop and Miss Marion Caruthers, the class in domestic science at the Murrayville high school prepared and served a dinner in the laboratory Monday noon as their last class lesson of the year. The class has been taught by practice teachers from the Illinois Woman's college, the six seniors in the department of home economics, under the supervision of Miss Bertha M. Jones. There have been seventeen girls in the class of Domestic Science this semester and a great deal of interest has been shown, both by the girls and by the domestic science club of Murrayville, thru whose efforts the classes in home economics have been made possible.

The girls served a three course dinner, consisting of Cream of tomato soup, and water, breaded vegetable cutlets, potatoes on the half shell, baking powder biscuits, radish tulips, baked apples, and butterfly salad; strawberry tapioca and angel food and gold cakes, and coffee. The dinner was served promptly at eleven. The method of serving used was the combination service, which is the most practical for home use.

A speech of appreciation was made by Miss Bertha M. Jones, and responded to by Mrs. Mawson and Mrs. Daniels.

Members of the Domestic Science club and the mothers of the girls were guests at the dinner Monday, and all were very much interested in the demonstration, which included the laying of the table and the serving of the food. Later a picture of the group was taken.

COUNCIL HAS BIDS ON SPECIAL WORK

Figures on Boiler Brick and Concrete Intersections—Vandalia Road Improvements in Question.

A regular meeting of the city council was held Monday night. Mayor Crabtree and all aldermen were present. Most of the business was of a routine character. There was more discussion with reference to sidewalks than anything else and the mayor and councilmen gave a number of visitors present to understand that the city will use its best efforts to have all sidewalks laid where ordinances have been passed.

On recommendation of Alderman Cain of the water and light committee contract for furnishing the city power plant with coal for the coming year was awarded to the Republic Coal and Coke Co., of Lincoln. Bids were received for brick in the boilers at the power plant and were referred to the water and light committee. These bids were as follows:

Joseph P. Casey and Co., \$1,785.

Ellsworth Wells, \$1,950.

Bids were received for concrete work on street intersections and for crossings and were as follows:

Simeon Fernandes, intersections, 15 3/4 c. crossings 17c.

William and Wyatt, intersections 17c, crossings 18c.

Otis Hoffman, intersections and crossings, 19c.

The bids were referred to the public improvement committee.

Alderman Rowe brought to attention the bill for interest on anticipation warrants for last year and some discussion of finance resulted. It was the suggestion of Mayor Crabtree that the first meeting in June be set aside for financial discussion.

Alderman Elmie made a report about the temporary dumping grounds on South East street and reported some violation of the law relating to scavengers. Alderman Williamson mentioned that it had been necessary to stop oiling the streets temporarily because of the lack of oil.

Several property owners were present to urge the laying of walks in certain localities where walks have been ordered and not put down. Alderman Loneragan strongly urged that something should be done in this matter. Mayor Crabtree told the visitors that the city earnestly wishes to co-operate and said that Engineer Henderson is now looking up all records with the intention of making a special effort to have the needed walks laid.

A communication was read from John W. McDonald, road commissioner, with reference to the Vandalia road between Nichols park and Mauvaisterre lake property. In the communication Mr. McDonald said that he did not believe the city and the county had properly completed the road, and expressed the view that it would require several thousand dollars to complete the necessary work. The commissioner offered to pay the sum of \$200 for the repair and protection of the roadway if the city would agree to furnish all necessary materials and labor for the proper completion of the road.

It was the suggestion of Alderman Cain that before taking any action on the communication the city attorney should be consulted. It was mentioned that the road commissioners this year will secure \$14,000 or more from assessments on Jacksonville property, but the legal status of the case will be looked into.

Among visitors present who spoke briefly were J. F. Brennan, Albert Phillips, Arthur Stringham, Charles Rogers and F. J. Kumble. When called on for remarks, Mr. Brennan expressed the hope that the city will at no distant date be able to install a unit at the power plant and sell current to private consumers.

OLD ADAGE ABOUT
ACCIDENTS PROVE TRUE

That accidents always come by threes is again borne out by the cases of spinal injuries in the local hospitals. Yesterday A. T. Griffen of Beardstown was brought to Passavant hospital suffering with a fractured spine. He is the third employee of the Burlington railway added to the hospital list and all three are suffering with fractured spines. He was hurt in a fall while painting. Of the other two, one was run over by a hand car and one shot.

Social Workers

Had Picnic

The Social Service workers of the city went to Nichols park last evening and enjoyed a picnic supper. Miss Lucy Catlin had charge of the arrangements for the affair, and a fine supper was served at 5:30 out at the lake. The guests were the city workers, the Red Cross workers, and the welfare workers from the State institutions.

Entertained Friends

John Shields entertained a number of his friends at a bachelor dinner party Sunday, at his home on East Lafayette avenue. A delicious dinner was served at 12 o'clock. Among the guests were, Francis Ferry, Joe Doyle and John Hoban.

Had Birthday Celebration

The home of Mr. and Mrs. E. A. Litter on North Church street was the scene of a happy family gathering Sunday. The event was in celebration of Mr. Litter's birthday which occurs today.

At noon a fine dinner was served and the guests spent the rest of the afternoon in visiting. Those who were present were: Mr. and Mrs. J. A. Litter, Mr. and Mrs. J. E. Underbrink and family, Mr. and Mrs. Durrell Crum and Miss Elmer Guy, all of Litterberry and Mr. and Mrs. M. M. Crum, Miss Anabel Crum and Mr. and Mrs. Elmer Henderson, all of Jacksonville.

Dinner Given for Russell Hall

Monday evening Ernest E. Olds gave a six o'clock dinner at his home, 215 West College Ave., in honor of Russell Hall who soon is to leave with his parents for their new home in California. The guests included only the boys who have chummed together for a number of years, and were Russell Hall, Russell Cummins, LeRoy Barnhart, Earl Hoover and Martin Graff.

BUILDING TRADES UNION ORGANIZE COUNCIL

A special meeting of the trades and labor assembly was held last night at labor temple, when the Building Trades Council was organized. This is a union of men engaged in the building trades exclusively. Officers were chosen as follows:

President—Patrick Hayes.

Secretary—Carl Cokely.

The union organization represented in the new organization which is a part of the American Federation of Labor are bricklayers and plasterers, plumbers, painters, sheet metal workers and hod carriers.

Funerals

Mulch.

Funeral services for Mrs. William Mulch were held at Franklin in the Methodist church Sunday afternoon at 2:30 o'clock in charge of the Rev. Mr. Serhman pastor of the church.

Music was furnished by Mrs. Ed Anderson, Miss Amy Wright, Edward Seymour and Joseph Wilkerson. The flowers were cared for by Mrs. Nellie Ebrey, Mrs. Nettie Ebrey, Mrs. Grace McDevitt and Mrs. Irene Wilson.

The bearers were: Leslie Cox, J. A. Walker, George Ebrey, John Ebrey, Hugh McDevitt and Frank Wilson.

Black.

The funeral of the late Mrs. G. V. Black was conducted Sunday morning at the residence of her son, Dr. Carl E. Black on West State street, Rev. R. O. Post, D. D., had charge and many family friends were present. "Abide With Me" was sung by Mrs. Mabel Gregory. Dr. Post read the 23rd Psalm, and then said in brief:

"We cannot regard this occasion as one of sadness; rather is it a home coming by one who has completed the arduous journey of life and has come back to her Father's house where there is perfect bliss, rest forever and joy unspeakable. It was her Shepherd who said, 'In my Father's house are many mansions. If it were not so I would have told you. I go to prepare a place for you and if I go to prepare a place for you I will come again and receive you unto myself, that where I am there ye may be also.'"

"The soul is immortal; it can never die. Abide in Me and I will not leave you comfortless," says the Master. The Christian grows daily into the image of Christ. The true follower feels His gracious presence day by day and his hopes are not founded on questionable foundation but on the Rock of Ages.

When He went away from His disciples He did not leave them alone but sent the comforter who ever abides with us and day by day we may feel the blessed presence of Him who said in tones of such sweetness and comfort, "Come unto me all ye that labor and are laden and I will give you rest."

And now today we take the body of our loved one to its last resting place beneath the trees and amid the flowers. No ritual can consecrate such a spot and no ceremony make it holy and sacred. It is love that does that and into that beautiful spot made holy by tender ties of affection we reverently and lovingly lay away all that remains of our dear friend. She lived a life rich in gentle service."

Mrs. Gregory then sang "My Jesus As Thou Wilt" which the remains were borne to their last resting place in Diamond Grove cemetery by Dr. C. H. Baumelkamp and Messrs. Joseph, Charles C. Harry M., Alfred T. and Herbert Capps.

CAMPAIGN DRIVE OPENS AUSPICIOUSLY

MORE THAN TWO HUNDRED CHAMBER OF COMMERCE PLEDGES

Enthusiastic Reports Made at Monday Luncheon—The Team Workers Will be Busy Today.

The enthusiasm mounted high at noon yesterday, when over one hundred Chamber of Commerce workers, lieutenants, captains, majors and members of the executive committee met at the Pacific hotel luncheon to report on the first day of the drive for the organization of Jacksonville's civic commercial body. With a late start, owing to necessity of giving some final instructions, and getting the teams organized, the total membership reported for first day was two hundred eleven. Of these one hundred and twenty were plural memberships reported by the executive committee from various firms and mercantile institutions.

Cheers greeted the reports of the team captains and executive committee, only one out of the entire list failing to report. There was a fine spirit of rivalry among the various teams and enthusiasm was the prevailing note.

The team workers were very optimistic on account of such a fine report the first day, and now feel assured that the goal of five hundred members will be attained without difficulty. Several teams were out during yesterday afternoon working over time in their territory. With such a spirit as this prevailing among the teams, tomorrow is sure to pile up another big report.

Secretary Jenks of the Springfield Chamber of Commerce was the speaker at the luncheon yesterday noon. Mr. Jenks, after impressing upon the workers that they were forming an organization that would bring together the different forces in a community so that definite results might be produced, and that they were selling the idea of a better city to its citizenship, outlined some of the definite results that the Springfield Chamber of Commerce had accomplished during the past year.

The speaker said, "About a year ago the Chamber of Commerce had three hundred members, and at the close of the drive, at that time, under the direction of the American City Bureau the membership was increased to 2007." The one outstanding result of the Chamber for the past year was the settlement of the public utility problem—the one thing that had been hanging fire for many years according to the speaker. Mr. Jenks in closing complimented the men on their fine report for the first day which was evidence that their objective of at least five hundred members would be attained.

The following list of subscribers have decided to do their part in providing Jacksonville with a modern Chamber of Commerce.

ON WAY TO MICHIGAN
Mr. and Mrs. Waldo Spruit are making a brief visit at the home of Mr. and Mrs. C. Spruit on Pine street. They drove thru from Baird, Neb., where Mr. Spruit has been instructor in the high school and coach the past year. From Jacksonville they will go to Old Mission, Mich., to spend the summer on the Spruit farm and next fall Mr. Spruit will be coach in the high school at Traverse City.

George Barmeier of North Fayette street is a patient at Passavant hospital. He is suffering from a serious attack of pneumonia and typhoid fever.

ROAD BOOSTERS TO WOODSON TOMORROW
Members of the Morgan county County Good Roads association are planning to go in force to the chicken fry at the Christian church in Woodson tomorrow night. President Sullivan is hoping to have a big delegation from Jacksonville and surrounding territory drive to Woodson, where an informal good roads meeting will be held. The military organ which is owned by the Eli Bridge Co. has been mounted on a truck and will be brought to the square late tomorrow afternoon and will play several selections before the start to Woodson. The intention is to leave the square between 5 and 5:30 o'clock.

REVIVAL AT ALEXANDER

Services are being held at Alexander by D. C. Linton, in a large tent. Yesterday three services were held. In the afternoon Everett Clampt spoke to the men only in the tent and Mr. Linton spoke to the women only in the church, both services being well attended. Sunday evening Mr. Linton spoke on "The New Birth."

Eight were converted, this making sixty conversions in all. The doors of the church were opened and forty-seven were united to the church. At the Sunday school services the attendance had been about sixty. Yesterday the number was increased to 153. The services will continue another week.

I will offer for the next ten days the famous New Century Cultivator at greatly reduced price. Better see this cultivator before you buy.

A Small Investment That Paid Big Dividends

The following is taken from the April number of The Foot Specialist and Practicedist, a magazine of education and instruction in the art of treating foot ailments.

J. L. READ

About six months ago one of the well known business men of Jacksonville, Ill., rode up to the store of Hopper & Son, shoe merchants. He was met at the door by J. Lloyd Read, Practicedist, who soon learned he suffered great pain in his feet.

Upon going over the feet carefully, it was found that the third and fourth metatarsal heads had fallen. He was quickly fitted with a pair of Dr. Scholl's Anterior Metatarsal Supports and sold the "3" Necessities with an admonition to return in ten days for final adjustment.

The lowering of the metatarsal heads had caused a very thick callous on the soles of both feet which was at once relieved and now the gentlemen is able to do without his supports, even though his work requires constant standing. In fact, he himself, declares he would not have missed the relief they gave him had they been \$100.00 a pair.

This is only one of the instances where Mr. Read has succeeded in relieving severe foot troubles and he is to be complimented on his earnest endeavors, and on the publicity the firm gives in moving pictures and newspaper advertising.

AMERICANIZATION EXERCISES HELD

Impressive Event Takes Place at
Grand Opera House — General
Sickson Makes Address.

The exercises at the opera
house Sunday evening left no
doubt regarding the true Ameri-
canism of the people of Jackson-
ville. The stage was fully draped
in red, white and blue with the
American flag and everything
sounded a note of true patriot-
ism. The music by the orchestra
was excellent and everything was
in keeping with the importance
of the occasion. Hon. Thomas
Worthington ably presided. The
Illinois Woman's College Glee
club under the direction of Miss
Louise Miller supplied fine mu-
sic. The members are Misses
Louise Miller, directress; Marcia
Wolfe, Mona Ramsey, Evelyn
Ross, Corine Thomason, Hilma
Sample, Kathryn Miller, Helen
Carpenter, Eleanor Sanford,
Kathryn Whitney, Avis Crowder,
Gladys Laughlin, Marion Hum-
phreys, Bernadine Lowrey,
Gladys Elmore, Helen Broughes,
Marguerite Sturgeon, Mildred
Mayer, Lila Powell, Adah Clol-
felter, Helen McCalmon, Lucille
Kirby, Janette Wallace, Suzanne
Klinehart.

"America" was grandly sung
and then came the presentation
of the flag. All the young ladies
taking part in this ceremony was
handsomely and appropriately
costumed for which Mrs. Paul
Samuels is to be largely credited
as she had sole charge of that
feature. Miss Louise Smith re-
cited in a capable manner a se-
lection entitled "Spirit of the
Flag" and during ceremony the
glee club sang "Tenting Tonight
on the Old Camp Grounds,"
"Rally Round the Flag" and
"Keep the Home Fires Burning."
The presence of a large dele-
gation of the Woman's Relief Corps
in the audience and a good sized
detachment of veterans of the
Civil war on the stage, gave
much unction to these numbers.
The young ladies taking for-
mal part in the ceremony were:

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sur-
way that never fails to get rid of
blackheads and that is to dissolve
them.
To do this get two ounces of
calomel powder from any drug store
—sprinkle a little on a hot, wet
sponge—rub over the blackheads
briskly—wash the parts and you
will be surprised how the black-
heads have disappeared. Big black-
heads, little blackheads, no matter
where they are, simply dissolve and
disappear, leaving the parts with-
out any mark whatever. Black-
heads are simply a mixture of dust
and dirt and secretions from the
body that form in the pores of the
skin—plugging and squeezing only
cause irritation, make large pores,
and do not get them out after they
become hard. The calomel powder
and the water simply dissolve the
blackheads so they wash right out,
leaving the pores free and clean and
in their natural condition. Anybody
troubled with these unsightly blem-
ishes should certainly try this sim-
ple method.

THE CAR IN WHICH WAS SIGNED THE ARMISTICE THAT HALT-
ED THE WORLD'S GREATEST WAR
Parked safely in the courtyard of "Les Invalides," that famous Pa-
risian Museum of Military relics, is the dining car in which the Allied
and Entente armistice commission and the German officials signed
the armistice on Nov. 11, 1918. In the background will be noticed the

Pages—Misses Mildred Keys
and Isabel Woodman.
The audience then joined in
"Star Spangled Banner" and
then the chair explained the ob-
ject of the meeting, to pay the
compliments of the people to the
newly made citizens in our midst.
This included a delegation from
the people. These were repre-
sented by Mr. and Mrs. George
E. Andrews and little daughter,
Evelyn; Mr. and Mrs. Harold
Hague and little Vivian Iona. At
the suggestion of the American
Patriotic league there were from
the Woman's College five stu-
dents who have recently come of
voting age, Misses Dorothy May
Smith, Mary Rose Adams, Gene-
vieve Coates, Bernice Holmback
and Grace Collier. Also five from
Illinois college, Messrs. Ira Fan-
ning, L. Dale Giberson, Earl
Stephenson, Wayne Gard and
Monarch Davis.

The chair said this was not a
country for the Reds and it is the
duty of all true Americans to
overcome the evil influence of
these evil propagandists. This is
not the land for hyphenated
Americans nor for those in sym-
pathy with the Russian Bolshe-
viks.

Mayor Crabtree was then intro-
duced and said in part. A hun-
dred and forty-five years ago this
land was sparsely settled and the
people had come here to escape
the tyranny of the old world.

There the country was ruled by
a few, kings were looked on as
by divine right and aristocrats
inherited all they possessed.
Here the majority rule and this is
the day on which we tender the
glad hand to our worthy citizens
of foreign birth and those of our
own land who have reached their
majority. This is the land of the
free but freedom does not mean
license. The flag you hold repre-
sents all that is great and noble
in our land and it behooves
all who have become citizens to
conduct themselves that they may
be worthy to enjoy the blessings
that follow the flag and fight
every enemy who would take it
down. I present you each with a
flag and fight every enemy who
would take it down. I present
you each with a flag of the land.
In itself it is little but means
more than words can tell. We
have here a small number who
have come from foreign shores
but in some localities they have a
thousand on such occasions as
this, whether we have few or
many may the spirit of true pa-
triotism prevail.

The I. W. C. glee club then
sang superbly a hymn "America
Triumphant" after which Adj-
utant General A. F. Dickinson was

HANNIBAL STEAM ROLLERS INDEES

Step All Over Locals and Make Them Like It—Kaler Didn't Have Much But It Looked Like Red Faber's Stuff to Indee Batter.

Hannibal steam rolled the Indees at South Side park Sunday, the final score being 9 to 2. The fact that Hannibal had to make the afternoon train probably kept the score down as they walked into batouts in the last two innings in order to speed up the game. It was a case of too much Kaler for the Indees. The local batters said he didn't "have a thing" but that was more than enough to win, lining after lining the local batters walked up to the pan and hit easy rollers or puny flies that were easily gathered in. In fact the efforts of the Indees at the bat were about as futile as a bowlegged man trying to stop a pig in a lane.

During the afternoon the Indees registered nine glows but several of these were made possibly by the left fielder getting the sun in his eyes and not being able to locate the sphere. Kaler was master of the situation at all times. When the locals got set to hit a fast one a mile he curved one over and when they got ready to hit a curve he shot across a fast one. The ease with which he outguessed the batters was a simple as adding two and two.

While Kaler was doing all this the Hannibal batters were hitting the offerings of Sims and Hamm with frequency. During the afternoon they gathered in 14 hits which were well mixed with the locals' errors of commission and omission, which were so judiciously distributed that they resulted in runs.

Hannibal showed one of the best teams that has been seen here this season. They had lots of "pep," played fast in the field and ran bases like wild men. It will take a good ball team to beat them. The Indees may be able to do it with another try but they will have to show a remarkable reversal of form over last Sunday.

It makes us almost weep to read the box score. It would make us weep to tell of the slaughter in detail. A walk, two singles, a double and two fielder's choices netted them four runs in the first which were more than enough to win.

Two errors, a fielder's choice and a double brought over two in

CLEVELAND TAKES REDS INTO CAMP

Bagby Pitches One of His Best Games and Boston Gets Four Scattered Hits—Luke Sewell Joins Indians.

CLEVELAND, O., May 23.—Cleveland won from Boston today 4 to 1. Bagby pitched his best game of the year holding Boston to four scattered hits. Boston escaped a shutout when McInnis tripled and scored on Scott's sacrifice fly. Joe Sewell, catcher from the University of Alabama and brother of Shortstop Joe Sewell, joined the Indians today.

DEMPSEY RESUMED TRAINING MONDAY

ATLANTIC CITY, N. J., May 23.—After a twenty-four hour rest, Jack Dempsey resumed training today. Despite a violent windstorm and threatening rain, several hundred persons, including a number of women paid 50 cents to watch the workout.

With the departure of Jack Clifford and the inclination of Leo Houck to quit Dempsey had no heavy weight sparring partners available this afternoon. Dempsey found it necessary to box with Babe Herman, a Pacific Coast featherweight, and Alex Trambites, a welter-weight from Portland.

After punching the bag for ten minutes and shadow boxing for three rounds Dempsey faced Herman, a speedy youngster weighing 118 pounds. Herman carried the champ along at a terrific pace for three rounds, stepped in and around and connecting with an avalanche of rights and lefts. Dempsey made no attempt to exchange punches, contenting himself with blocking them. Dempsey then boxed two rounds with Trambites.

Dempsey went on the road this morning for the first time in a week. He covered about four miles.

S. F. Coleman was up to the city from Meredosia yesterday.

EIGHT AMERICANS SURVIVE IN GOLF

Hoylake, England, May 23.—Eight of the eleven Americans drawn for the opening day's play for the amateur golf championship came thru with flying colors and are facing the outlook of a comparatively easy competition in the second round tomorrow.

The eight survivors are Bobby Jones, Chick Evans, Francis Ouimet, Captain W. C. Fawcett, Jr., F. J. Wright, Dr. Paul Hunter, W. T. Hunt and J. H. Douglas. Those who dropped out today were Ray Thompson and Manley, both of whom were defeated, and J. Wood Platt, who withdrew owing to injuries.

Fownes was the only survivor who did not play, having received a walk over thru the scratching of his opponent. The day passed without sensational scoring or play. The early American play did not seem to be up to Saturday's form in the international.

Considerable surprise was expressed by the golfers here at the stiff game Bobby Jones encountered at the hands of G. C. Manfred. He was driving with his usual reliability, but suffered on the greens thru short and narrowly missed puts. On several occasions he was unlucky with bad lies.

CARPENTIER STARTS ACTUAL TRAINING

MANHASSET, N. Y., May 23.—Georges Carpentier started actual training today for his championship battle with Jack Dempsey by working in his gymnasium for half an hour. Georges was not permitted to spar with any of his partners because of the cool temperature. He worked at the punching bag, shadow boxed for ten minutes and then spent fifteen minutes at jumping the rope and on the mat.

Georges was on his toes thruout the workout and appeared to be in good condition. Fame in the world of canines has come to "Flip," a Belgian police dog owned by Carpentier. The dog has already played an important part in training activities. Since the close of the war, and much of the time during the conflict, Carpentier had been with him constantly. "Not as a mascot, just as a friend," he declared today as the pair tramped around the large estate on which the camp of the boxer has been established.

IT'S not a bit of trouble to have plenty of good things to eat on hand all the time, when you use Calumet Baking Powder.
Mix up a batch of biscuits—or the finest kind of cake—it's all the same. There is never but one result—the sweetest and most palatable of foods.
There is not as much worry over baking costs either. Because Calumet costs less—when you buy it—the price is moderate.

It costs you less when you use it—because you don't use as much of it—it has more than the ordinary leavening strength. You get more out of the flour, sugar, eggs, shortening, etc., because there are no failures—no waste. Received highest awards World's Pure Food Exposition, Chicago, Paris Exposition, Paris, France. The largest selling brand in the world. Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

CHEER UP, YOU BALD PATERS—NEW YORK DOCTOR WILL SEW HAIR ON YOU

Dr. J. S. Parsegan of New York claims he has a machine which will make a door knob look like a moss bank. Dr. Parsegan, a graduate of the College of Physicians and Surgeons and a member of a number of medical societies, has been experimenting lately on himself and has injected some fifty snips of feminine hair into his head with his electric machine, the main part of which is a fast working needle that thrusts hairs into the epidermis.

Y. M. C. A. NOTES

Mounds R. R. Association—Good Gospel Team has cooperation of all ministers. We hold street meetings on Sunday afternoon followed by meeting at the Y. M. C. A. The street meetings help greatly in the attendance at the Men's meeting. Nearby towns are reached by the Gospel teams. Recently an old woman 65 years of age made a decision for Christ as the result of the testimony of the men on the team.

Two weeks special meetings at Illinois Central shops with splendid results. Easter services attended by greatest number in history of church. Spirit of the men of the team helps to create sentiment regarding church attendance.

Chicago — Evangelistic meetings leading up to Easter in a number of the Departments brought gratifying results. Wabash avenue, Division street, West Side, Sears-Roebuck and Central put on special services. Mr. Drum long connected with the Y. M. C. A., conducted meetings at the last three departments with nearly two hundred decisions for Christ. He addressed nearly fifty audiences in the two weeks.

At Central he addressed lobby meetings, the students of the day and night schools, the faculty, the secretaries and other public gatherings. The departments quickly got the men who made decisions into church membership.

March was an exceedingly busy month for the Men's Gospel Teams Groups or organized laymen with a strong evangelistic message spread out into a number of churches in the city and held meetings lasting a week to three weeks in length. The result has been quickened church leaders and many new ones especially young men brought into the church.

Regional Conference — Nearly three hundred secretaries from the ten states of the Central Region met in conference at Chicago, April 22 to consider the religious work program of the Association. Dr. John R. Mott and E. T. Colton and other religious leaders for the whole day with the men present discussed the future policy of this important part of Association activity. The subjects discussed were:

The Young Men's Christian Association in Relation to the Evangelical Churches.

The Spiritual Leadership that the Church Expects of the Young Men's Christian Association.

How Are Men and Boys of the Central Region Responding to a Spiritual Appeal?

Requisites in the Association's Spiritual Program.

A Practical Program of Action.

The discussion of these vital topics indicates very conclusively that the Association feels her obligation for spiritual work with the great groups of men and boys in this area.

GONE TO MISSOURI

The venerable Columbus Hairgrove, accompanied by his faithful daughter, Miss Josephine, has gone to visit friends in various parts of Missouri. Although in the nineties Mr. Hairgrove is very active his deafness being about the only impediment which he has to contend. Holiday was one of the places they expected to visit and their numerous friends will heartily wish them a pleasant and safe journey.

MERRY PICNIC PARTY

Yesterday afternoon along toward the latter part of the day 65 members of the Boys' club of the First Christian church sought Nichols park chartered by the worthy pastor, Rev. M. L. Pontius also Ben Roodhouse and Homer Ranson. A right merry time was enjoyed by the youngsters and it is needless to add that the good things brought along for the inner man and boy were duly appreciated and absorbed eagerly. A fine time generally was enjoyed by all.

Mr. and Mrs. S. A. Bracewell and son were city arrivals from Murrayville yesterday.

NONE BETTER

Foley's Honey and Tar

An old reliable family medicine for the relief of cold, cough, croup, whooping cough, bronchial cough and the croup that lingers after the "flu." Made of clean, wholesome and tasteful pine tar and demulcent honey of the bees. Contains no opiates.

Mrs. Eva M. Church, 39 Howard St., New London, Conn., writes this: "When I feel a cold coming on I go right to taking Foley's Honey and Tar. I have used it for a number of years and always with good results."

Healthy Mother Merry Children Happy Home

TO maintain a happy home the housewife must keep in good health. Her duties are many and various, and it seems as if every other member of the family depended very much on her.

"Where is my hat?" cries the boy.

"What did you do with my coat?" asks the daughter.

"I can't find any handkerchiefs," yells the husband.

The housewife is usually the advisor and general manager of the family.

Lydia E. Pinkham's Vegetable Compound helps women to maintain a happy home by keeping them in good health.

Bloomington, Ill.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and it has done me a wonderful sight of good. I was never very strong and female trouble kept me weak so that I had no interest for my housework. I had such a backache I could not cook a meal or clean up a room without raging with pain. I would rub my back with alcohol and it would ease for a few hours, but after I had taken three bottles of Vegetable Compound my aches began to gradually leave me. Now I am as strong and healthy as any woman and I give my thanks to Lydia E. Pinkham's Vegetable Compound for my health."—Mrs. J. A. McQuitty, 610 W. Walnut St., Bloomington, Ill.

Dante, So. Dakota.—"I would have pains and cramps every month until I could hardly stand it and could not do my work at all at that time and often had to go to bed. I went to a physician, but he did not do me much good and said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in the newspaper and thought I would give it a trial. Now I feel lots better and don't have to give up and go to bed, and can do all my work. You may use these facts as a testimonial, and I will answer with pleasure all letters I receive, and you may be sure I will praise your wonderful medicine."—Mrs. ARTHUR J. KADE, Box 71, Dante, South Dakota.
